Milwaukee WIser Choice Provider Network

TABLE OF CONTENTS

The Milwaukee WIser Choice Provider Network Directory is a listing of provider agencies that have an agreement with Milwaukee County and the Milwaukee WIser Choice Provider Network to provide services on a referral basis.

This directory is divided into three main sections. The first is a listing of Clinical Providers organized by the Milwaukee Level of Care. The second is a list of providers organized by the ancillary (or support) service they provide to WIser Choice clients. The last section is detailed information regarding each provider, accessibility, and a brief description of the agency.

Alcohol & Other Drug Abuse Services: Core Values

In 1999, as a response to the large number of families who were involved in the welfare reform, child welfare, and AODA/Mental Health Treatment systems, the Wisconsin Department of Health and Family Services (DHFS) and the Wisconsin Department of Workforce Development (DWD), in collaboration with the Milwaukee County Department of Human and Services (DHS), launched the Milwaukee Family Services Coordination Initiative (MFSCI). The impetus for the year-long (October 1, 1999 – September 30, 2000) Initiative was the realization that the multiple needs of these families were not being adequately addressed, at least in part due to the lack of coordination among the systems with which they were involved (The Management Group, 2000). The intent of MFSCI was to fundamentally transform the manner in which services have traditionally been delivered by reducing barriers for families involved in multiple systems. The premise of the Initiative was that outcomes for families could be improved through cross-system coordination, provision of wraparound philosophy of care and services, development of networks of formal and informal supports, utilizing a family centered, strength-based, gender/culturally-responsive approach.

The Steering Committee for the project included clients, representative from the Governor's Office, key administrators from DHFS, DWD, the Department of Corrections, and the Medicaid HMOs; the Director of Milwaukee County DHS; and the Milwaukee County Board Chair. The Initiative outlined a set of **core values**, developed through a series of focus groups that included participation by clients, and system representatives at various levels of authority to use as guidelines for service delivery for families and to promote improved outcomes. BHD has adopted these core values.

A. Family-Centered: A family-centered approach means that families are a family of choice defined by the clients themselves. A family may include extended family members, significant others, or persons who function as natural supports in the context of that family. A family may include a non-custodial parent. Families are treated with dignity and respect, regarded as a resource in the treatment process, assisted to build on identified strengths to enhance control and independence, and valued as participants in all aspects of planning and evaluating the service delivery process. The goal of a family-centered team and system is to move away from the focus of a single client represented in systems, to a focus on the functioning, safety, and well being of the family as a whole.

B. Client Involvement: The client's involvement in the process is empowering and increases the likelihood of cooperation, ownership, and success. Clients and their families are viewed as full and meaningful partners in all aspects of the decision making process affecting their lives including decisions made about their service plans.

C. Builds on Natural and Community Supports: Recognizes and utilizes all resources in our communities creatively and flexibly, including formal and informal supports and service systems. Every attempt should be made to include the client's family, relatives, neighbors, friends, faith community, co-workers or anyone the client would like to include in the team process. Ultimately families will be empowered and have developed a network of informal, natural, and community supports so that formal system involvement is reduced or not needed at all.

Alcohol & Other Drug Abuse Services: Core Values (cont'd)

D. Strength-Based: Strength-based planning builds on the clients and their families unique qualities and identified strengths that can then be used to support strategies to meet their needs. Strengths should also be found in clients' environment through their informal support networks as well as in attitudes, values, skills, abilities, preferences and aspirations. Strengths are expected to emerge, be clarified and change over time as clients and families' initial needs are met and new needs emerge with strategies discussed and implemented.

E. Unconditional Care: Means that we care for clients and their families, not that we will care "if." It means that it is the responsibility of the Recovery Team to adapt to the needs of the client - not of the client to adapt to the needs of a program. We will coordinate services and supports for the client and family that we would hope would be done for us. If difficulties arise, the individualized services and supports change to meet the needs of clients and their families.

F. Collaboration Across Systems: An interactive process in which people with diverse expertise, along with clients and their families, generate solutions to mutually defined needs and goals building on identified strengths. All systems working with the client have an understanding of each other's programs and a commitment and willingness to work together to assist the clients and their families to obtain their goals. The substance abuse, mental health, child welfare, and other identified systems collaborate and coordinate a single system of care for families involved within their services.

G. Team Approach Across Agencies: A Recovery Team consists of a group of people, in addition to the client, who represent a blend of formal and informal resources (professionals and other) who make up the client/family support network. The team functions with the client and family in an interactive process to develop a plan, based on client/family strengths, values and preferences that will lead to favorable outcomes. Planning, decision-making, and strategies rely on the strengths, skills, mutual respect, creativity, and flexible resources of the team members.

H. Ensuring Safety: When child protective services are involved, the team will maintain a focus on child safety. Consideration will be given to whether the identified threats to safety are still in effect, whether the child is being kept safe by the least intrusive means possible, and whether the safety services in place are effectively controlling those threats. When safety concerns are present, a primary goal of the family team is the protection of citizens from crime and the fear of crime. The presence of individuals who are potentially dangerous requires that protection and supervision be sufficiently effective to dispel the fears of the public.

I. Gender/Age/Culturally Responsive Treatment: Services reflect an understanding of the issues specific to each client's cultural background, gender, age, disability, race, ethnicity, and sexual orientation and reflect support, acceptance, and understanding of cultural and lifestyle diversity. These understandings are then incorporated into the programming. Programs for women must include specific components that address their issues and reflect current research indicating effective treatment components for women, i.e., to include, but not limited to: victimization histories, domestic violence/relationship dynamics, parenting, self-esteem, and educational needs.

Alcohol & Other Drug Abuse Services: Core Values (cont'd)

J. Self-sufficiency: Individuals and families will be supported in achieving self-sufficiency in essential life domains, to include family, social, educational, vocational, financial, housing, financial, psychological, emotional and spiritual domains.

K. Education and Work Focus: Dedication to positive, immediate, and consistent education, employment, and/or employment-related activities which results in resiliency and self-sufficiency, improved quality of life for self, family, and the community. BHD clients who also participate in W-2 should have their AODA treatment indicated on their Employability Plan (EP).

L. Belief in Growth, Learning and Recovery: Client and family improvement begins by integrating formal and informal supports that instill hope and are dedicated to interacting with individuals with compassion, dignity, and respect. Team members operate from a belief that every client and their family desire change and can take steps toward attaining a productive and self-sufficient life.

M. Outcome-oriented: From the onset of the family team meetings, levels of personal responsibility and accountability for all team members, both formal and informal supports are discussed, agreed-upon, and maintained. Identified outcomes are understood and shared by all team members. Legal, education, employment, child-safety, and other applicable mandates are considered in developing outcomes, progress is monitored and each team member participates in defining success. Selected outcomes are standardized, measurable, based on the life of the family and its individual members.

AODA Program Goals

(1) To achieve improved outcomes by meeting the special needs of eligible individuals and families who experience problems resulting from alcohol or other drug abuse by providing intervention, treatment, and support services that are gender and culturally responsive.

(2) To target eligible individuals and families who may be involved in several systems in order to develop better ways to coordinate services from multiple service systems.

(3) To ensure the provision of recovery support services including, but not limited to, parent education, vocational and housing assistance, coordination with other community programs, and treatment under intensive care.

(4) To develop a system that reinforces the empowerment of individuals and their involvement in the planning, design, implementation, and evaluation of the program, as well as their care plan.

(5) To identify best practices and provide knowledge dissemination activities and cross training and education to professionals who work with individuals and families and are from different systems in order to achieve positive individual/family outcomes.

It is important that, whenever appropriate, each application demonstrate integration of the above principles and practices into all programs and services provided through these purchase of service agreements

Vision Statement – Behavioral Health Division

The Milwaukee County Behavioral Health Division will be a premier system of mental health and alcohol and other drug abuse disorders in the State of Wisconsin. It will ensure that individuals and families who have behavioral health needs strive to function at optimal levels of physical and mental health and that they are full and equal members of the community. As such, the Division shall provide individuals who have behavioral health needs the support and means to pursue success in the ways they choose to live, learn, love, work and play because:

Our vision is for a behavioral health system that recognizes the partnership with clients, providers and the community and the accountability to its stakeholders for the effective development and efficient use of resources.

Our vision is for a recovery oriented behavioral health system that focuses on the rebuilding of full productive lives for children, adults and their families, and supports a full spectrum of services including primary prevention and early intervention.

Our vision is for a behavioral health system that attracts, retains, and supports employees/other service providers who are competent and provide excellent quality, culturally and linguistically relevant behavioral health treatment and support services.

Our vision is for a behavioral health system that acknowledges the abundance and limitations of our human and financial resources and commits to responsible stewardship of its resources.

Our vision is for clients and families to be equal stakeholders in service system governance, planning and delivery.

Our vision is for a behavioral health system where every client has access to strengths-based, individualized and integrated services that promote health and recovery.

Our vision is for a behavioral health system where cultural, ethnic and socioeconomic diversity is valued by providers and clients.

Our vision is for a behavioral health system where strategies to eradicate stigma, including education of clients, family members, providers and the Milwaukee County community, are implemented and effective.

Our vision is for behavioral health services and supports to be community based and not institution based; when residential treatment or hospitalization is accessed, those services will be used as resources and not as placements.

Our vision is for a behavioral health system that can measure its success in the care of children and adults by establishing and producing clear, quantifiable outcomes

Milwaukee Levels Of Care Descriptions

Outpatient Outpatient is a non–residential treatment service totaling less than 12 hours of counseling per patient per week, which provides a variety of evaluation, diagnostic, crisis and treatment services relating to substance abuse to ameliorate negative symptoms and restore effective functioning. Services include individual counseling and intervention and may include group and family therapy and referral to non–substance abuse services that may occur over an extended period. Must be certified as a HFS 75.13 outpatient provider.

Intensive Outpatient An intensive outpatient program is a planned and organized service in which addiction professionals and clinicians provide several AODA treatment service components to clients. Treatment consists of regularly scheduled sessions within a structured program, with a minimum of 9 treatment hours per week. Examples include day or evening programs in which patients attend a full spectrum of treatment programming but live at home or in special residences. Must be certified as a HFS 75.13 outpatient provider.

Day Treatment Day treatment is a medically monitored, and non–residential substance abuse treatment service which consists of regularly scheduled sessions of various modalities, such as individual and group counseling and case management, provided under the supervision of a physician. Services are provided in a scheduled number of sessions per day and week, with each patient receiving a minimum of 12 hours of counseling per week. Must be certified as a HFS 75.12 day treatment service provider.

ORGANIZATIONAL REQUIREMENTS. A day treatment service may be a stand-alone service or may be co–located in a facility that includes other services.

Transitional Residential A transitional residential treatment is a clinically supervised, peer–supported therapeutic environment with clinical involvement. The service provides substance abuse treatment in the form of counseling for 3 to 11 hours per patient per week, immediate access to peer support through the environment and intensive case management which may include direct education and monitoring in the areas of personal health and hygiene, community socialization, job readiness, problem resolution counseling, housekeeping and financial planning. Must be certified as a HFS 75.14 transitional residential treatment service provider.

ORGANIZATIONAL REQUIREMENTS. Before operating or expanding a transitional residential treatment service, a facility shall be approved under ch. HFS 124 as a hospital, licensed under ch. HFS 83 as a community–based residential facility, certified under ch. HFS 82 or licensed under ch. HFS 88 as an adult family home.

Medically Monitored Residential Medically monitored residential treatment operates as a 24-hour, community-based service providing observation, monitoring and treatment by a multidisciplinary team under supervision of a physician, with a minimum of 12 hours of counseling provided per week for each patient. Must be certified as a HFS 75.11 medically monitored residential treatment service provider.

Methadone A narcotic treatment service for opiate addiction provides for the management and rehabilitation of selected narcotic addicts through the use of methadone and a broad range of medical and psychological services, substance abuse counseling and social services. Methadone, an FDA–approved narcotic, is used to prevent the onset of withdrawal symptoms for 24 hours or more, reduce or eliminate drug hunger or craving and block the euphoric effects of any illicitly self–administered narcotics while the patient is undergoing rehabilitation.

AGENCY PROFILE: The Adolphus Community Outreach Center is committed to being a beacon of hope in a lost and hurting world.

Our organization was established in 1998 to provide both help and hope to the families of our Milwaukee community. The Learning Center was organized to provide a system of training, development and academic support for children and adults. Our agency has serviced approximately one hundred families through various services, which include the after school tutoring program, the No Child Left Behind summer feeding program and the senior citizen program. We have also collaborated with the Big Brother – Big Sister Mentoring Program and the Holy Redeemer Faith-Based Initiative.

Our agency is a non-profit faith-based organization located within the lower level of the Greater Little Hill Church of God in Christ. As a faith-based organization, our agency will inform clients of our affiliation with the International Church of God in Christ however, our agency does not attempt to convert or influence clients to become members of our affiliation. We will however, use our spiritual knowledge to enhance the lives of the clients with which we serve.

AGENCY PROFILE: Adrianna House is an 8 bed community based residential facility for women with substance abuse, and/or co-occurring mental health issues. Located on 25th and Highland Avenue, it's walking distance from the greater downtown area, and conveniently located to major bus lines, and a vast array of other social service agencies that provide assistance to women/children to improve the quality of their life, many of which are part of our referral base for medical, legal, and financial assistance. Adrianna House provides a family atmosphere, and spacious living quarters, half of which are single room occupancies to afford residents the highest level of privacy possible. Residents will be allowed to have television sets in their own room, and watch during non-programming hours. A variety of board games and free identified recreational activites will be provided to encourage leisure activities. The area is sparsely populated with only three other neighboring residential houses on the block, and assures residents that the highest level of confidentiality exist as they pursue treatment. The small amount of residents to be served will result in easier access and interactions with staff members who are friendly, empathetic, and experienced when processing AODA/Mental Health related issues. The treatment amenities provided at Adrianna House are immense, including, but not limited to Group Therapy, Individual and Cojoint sessions, Parenting Skills, Health and Wellness, Relapse Prevention, Spirituality, and Employment Readiness Training. We welcome your patronage if you select Adrianna House as your treatment provider, if not we want to wish you well in what undoubtedly will be a successful treatment episode at the provider site you choose.

AGENCY PROFILE: All Care Transportation, LLC. has a history of providing consistent service of the highest quality to clients having a range of special needs. Clients of All Care Transportation, LLC. are safely and comfortably transported to their destinations covering Milwaukee and surrounding areas with sufficient time to meet their scheduled appointments. Clients have easy access to this company in that they are able to call to request services beginning at 4:00 A. M. until 9:00 P. M. Monday through Saturday and receive an immediate response rather than a taped message. Clients express appreciation for the professional manner in which they are escorted into the vehicle, securely seated during the trip and then carefully escorted from the vehicle once the destination is reached.

Long-term clients develop and maintain a trust in the service provided by All Care Transportation, LLC. that leads them to continue with this company. They know that they can depend on being transported in a vehicle that is in excellent repair, clean and fully equipped to meet their needs. The drivers show courtesy, patience and concern while taking extra steps to provide a welcoming atmosphere for the clients. Short and long-term clients return from their trips with a smile of satisfaction that has led many to recommend All Care Transportation, LLC. to others needing Specialized Medical Vehicle transportation.

AGENCY PROFILE: The Alma Center, inc. is a community based non-profit agency in the central city focused on providing comprehensive educational and wrap-around social services to men who have a history of perpetrating domestic violence. Our services include: a batterer intervention program; fatherhood program; employment mentoring and skill training program; life skills education; and a men's circle support program. We share an office building with D&S Healing Center which provides on-site outpatient AODA clinical services (individual and group counseling). We are a one stop shop where men can meet varied program and service needs. We work with many men who are on state supervision and assist them in complying with multiple conditions of their sentence in a single location. Programs are offered throughout the day and lunch is available for men who attend multiple sessions.

Our agency philosophy is one of respect and understanding for the personal experience of each man, within a very clear framework of accountability for personal choices. We strongly believe in the basic goodness of life and are always optimistic for the capacity of people to change. We have very high expectations of each man in our program. Our mission is to teach, encourage and mentor men to accept personal responsibility and be accountable for their choices; practice respect toward their partner, their children, their family, and their community; be responsible for their family obligations; live a positive, happy and healthy life; and strive to be a good role model who passes on a positive set of values and expectations to their children.

AGENCY PROFILE: Alternatives in Psychological Consultation, S.C. is a holistic, social service agency that was established in 1995 to meet the needs of children, youth, adults, and families. Alternatives has two locations- both on the north and south sides of Milwaukee, which makes it convenient for clients who attend services in-office. Clinical services include AODA individual and family counseling, and AODA group counseling. Individual and family counseling can be provided either in-home or in-office, while the group counseling is offered in-office two times a week. All AODA counseling is provided by trained therapists who are licensed to provide services, and Alternatives is certified as an outpatient facility. Alternatives also provides parent assistance, home management, and housing/housing assistance through its family support service division. Alternatives has over 10 years of experience working with children, adolescents, and families, and offers other services, including anger management, individual counseling, case management, mentoring, parent assistance, supervision/observation, home management, tutoring, job coaching, and crisis intervention. The staff and management of Alternatives work in partnership with the Milwaukee County Behavioral Health Division, Wraparound Milwaukee, and the Children's Court Center. We are dedicated to providing quality and individualized services focusing on enhancing the existing strengths and resources of the population and community we serve.

AGENCY PROFILE: The American Dream (TAD) Vision is:

To build faith and trust in our community as we serve and support individual dreams; creating jobs, housing and business opportunities in our neighborhoods and beyond.

The American Dream currently provides services to the whole society; serving both sexes of non-violent ex-offenders/released prisoners from State or Federal corrections as well as others, in need in the community.

The Dream Life Project seeks also to provide prisoner re-entry into society, addresses faith-based drug and controlled substance abuse recovery, temporary and permanent housing; life skills; job search and job development; introduction to small scale business for those so inclined. Expected participants are from the lower income, at risk populations in Milwaukee Metro and beyond.

Within the time-frame of 3 months to two years, the program participant is taken through the processes of teaching, apprenticeship and mentoring with the anticipated outcomes being:

Transitional Housing
Substance abuse recovery
Teaching of life skills
Job training
Establishment/repair/increase of credit
Better focus and improvement of self-esteem
Demonstrates Job skills with professional discipline
Savings Account/Home Ownership
Family counseling
Child Care facilities
Resettlement of families.

AGENCY PROFILE: Benedict Center Women's Harm Reduction Program specifically works with women who are, or have been, in trouble with the law. We have over 31 years experience working with women and we recognize that women who are involved in the criminal justice system have unique needs that must be addressed so they can permanently move out of the correctional system. We provide a safe, supportive environment in which women can reflect on their past, replenish personal resources, reconnect with family, and rebuild their lives in order to establish themselves as valuable members of their community.

AGENCY PROFILE: Brighter Days Counseling Center is an outpatient treatment program specializing in the treatment of alcohol and other drug abuse, compulsive gambling, domestic violence, and anger management. With over 40 years of combined commitment and service to clients in need, and by remaining owner-operated, we maintain the highest standard of care and compassionate sensitive treatment. As evidenced by our name, we believe in the future of our clients. Robert Knoop, CADCIII, CSW is on the referral list from the Wisconsin Counsel on Problem Gambling, as well as mental health services.

Our clinic is expanding with the addition of two more alcohol and drug clinicians. This expansion allows us to accept more clients at any individual time. Joining our staff is a female clinician which allows us to better cater to our women clientele.

Our clinic also offers two types of group therapy treatment. We have the standard group therapy as well as a new group treatment program. This new program consists of groups pertaining to Relapse Prevention, Cognitive Restructuring, Skills building and Psychoeducation.

AGENCY PROFILE: Cedar Creek Family Counseling offers a primary treatment program for alcohol and substance abuse consisting of both individual and group therapy sessions. Most clients in the primary program attend one individual and two group sessions per week. After an assessment by an AODA counselor, a plan is developed with specific and measurable goals. The length of the program, depending on the individual's clinical needs, is usually eight to twelve weeks followed by an aftercare program.

Cedar Creek Family Counseling offers an intensive treatment program for clients whose needs are greatest. The intensive treatment program requires a more structured treatment program and, after a comprehensive assessment, is designed for individuals who have failed in prior treatments, need close supervision, and/or are experiencing a dual problem. Most clients in our intensive program would attend group therapy sessions three times a week and individual sessions three to four times per week.

Both primary and intensive treatment programs consist of components related to abuse, addiction, and the recovery process. These components include stress management skills, emotions during recovery, signs and symptoms of chemical abuse, rational emotive behavioral therapy, and medical aspects of dependency. Clients also learn family roles and family dynamics, including co-dependency and relapse prevention skills. Cedar Creek Family Counseling offers a relapse prevention program that teaches a wide variety of relapse prevention skills and techniques.

For clients who have completed an inpatient or primary outpatient program and are in need of continuing support to maintain their recovery, we offer an aftercare program. Aftercare treatment normally involves attending one group or one individual therapy session per week.

Cedar Creek Family Counseling also offers an Intoxicated Driver Program, Cocaine Abuse Treatment, Brief Therapy Treatment Model, Rational Emotive Behavior Therapy Treatment, Education and Awareness Program and, Adolescent Substance Abuse. Group therapy sessions include the physical effects on addiction and recovery, developing self-awareness, strategies for goal attainment, and self-valuing. Self-valuing provides an opportunity to look positively at oneself. Clients are given opportunities to clarify their values and consider why they make the selections that they do and how do values influence their choices. Group facilitators often lead discussions regarding the progression of alcohol or substance addiction. The consequences of that usage are discussed along with emotional changes in recovery. Family dynamics, peer interactions, cultural differences, and employment situations are also topics that are encouraged.

AGENCY PROFILE: The D&S Healing Center is a community based mental health/AODA agency in Milwaukee that is dedicated to assisting the client toward a state of wellness that takes a holistic orientation. D&S will be dedicated to eliminating violence and abuse in intimate relationships, families, and communities working with the whole person in whatever way the client defines this for them. This will be fulfilled using the holistic approach toward peace of the mind, body and belief system.

Our services are based on the principles of:

Wellness for the person to reach THEIR optimal level of functioning as defined by the individual.
Health of the body in understanding how daily stressors can affect how we feel and the DIS-EASE(S) that can affect us as a result of these stressors.
Rethinking some of the maladaptive behavior patterns and relearning more affective and appropriate ways to approach patterns of addictions and feelings of anger.
Building a foundation for the client that is consistent with their beliefs and capacity toward a healthy and positive outlook on life.
Clients are encouraged and motivated to take control of their own lives and maintain an alcohol and drug free lifestyle through individual and group counseling.

The D&S Healing Center, Inc. will offer AODA groups that will have an educational model that will meet for a minimum of 20 weeks and consists of an AODA psychosocial assessment and 2-hour weekly sessions. The AODA groups will be no larger than 10 participants and will are run by an AODA certified facilitator.

The D&S Healing Center, Inc. will also offer AODA individual counseling on a weekly or be-weekly basis as needed per the client assessment.

The D&S Healing Center, Inc. will provide other group counseling that will include trauma, PTSD, parenting, and any other groups that are deemed important for the client population that is served.

The D&S Healing Center, Inc. will offer individual counseling on a weekly or biweekly basis as deemed necessary per the client assessment.

The D&S Healing Center, Inc. shares a building with the Alma Center, a community agency that services the male domestic violence perpetrator population.

AGENCY PROFILE: ARCW is Wisconsin's largest and oldest AIDS service organization, providing HIV prevention, care, treatment, and research programs throughout Wisconsin for 20 years. ARCW's Dennis C. Hill Harm Reduction Center is an outpatient agency providing substance abuse treatment to adults 18 and over. Priority is given to injection drug users. Mission: The Dennis C. Hill Harm Reduction Center is dedicated to serving the drug using community by offering support and counseling. We teach harm-reduction strategies to prevent HIV (Human Immunodeficiency Virus) infection and help develop positive alternatives to a drug using lifestyle regardless of ability to pay. Treatment Philosophy: If you are using drugs and it is causing pain for yourself or others, we will support you in working out a treatment plan designed to help you live without chemicals. If you are not ready to commit to abstinance, we will support you in learning how to reduce your risks of HIV infection and other infectious diseases by teaching you harm reduction techniques. Treatment will never be denied to you solely on the number of previous admissions to treatment programs. Treatment is individualized and confidential.

AGENCY PROFILE: Fokus Family Services is a multicultural agency located in the Enterprise Building 2821 North 4th Street, Suite 139 Milwaukee, WI 53212. We have been an agency provider for the Wraparound Milwaukee Program as part of the Integrated Provider Network as well as the Delinquency and Court Services Network for Milwaukee County since 2001. Currently our agency also serves the Bureau of Milwaukee Child Welfare and all it's partners. In addition, we have a contract with Private Industry Council through the WIA (Wisconsin Intensive Assistance) Program where we provide tutoring for youth through the age 27. Our agency has had ongoing involvement with the W2 programs and families as it has overlapped with the Child Welfare system in Milwaukee County. Fokus Family Services has formed a collaborative and cooperative partnership with several other agencies in Milwaukee. These agencies are Private Industry Council, First Offender Program, Wraparound, JTOP, AODA, JCAP, Safety Services, and Probation Services Network. Fokus Family Services is contracted to provide tutoring, mentoring, housing assistance, AODA, anger management, and social services to families and individuals. As a diversifiied agency, we provide a wide range of services including both traditional treatment services such as AODA Assessment, Group counseling, and In home therapy along with family support services suh as Life Skills Training, Mentoring, Tutoring, Supported Work Environment and Job Coach Services to mention a few. Our agency is licensed as both as Out Patient Mental Health Clinic and a Certified Alcohol and Substance Abuse Clinic. We have staff that are qualified to work with clients in the AODA, Mental Health and Correctional systems. Many of our families have dual issues (Mental Health and AODA) and have been involved with the Judicial and court systems. We have developed relationships with judges and have contacts in the correctional facilities. Our over all Mission is to assist and support our clients in achieving and maintaining stable, healthy and productive lives. Our vision is that as we succeed in this goal, our families and children will thrive and become self-sufficient citizens of this community.

AGENCY PROFILE: Grace Family Day Care Center, Inc. serves infants, toddlers, and pre-schoolers Sunday through Saturday 6:00 am to 6:00 pm, year round at two locations. We also serve students throught age 12 in before school and after school programs. We also offer a Choice School for K4 through 3rd grad. The center's curriculum encourages exploration in the areas of science, self-help, social and emotional development, Bible teachings, health, music, motor skills, problem-solving, reading, social studies, and math. The rooms are arranged in a way that lets children freely explore and pick things they want to do during free play, with areas for house/dramtic play, art-writing, science, manipulation, and quiet. Themes for each month introduce new ideas to the children, field trips expose them to new experiences, and older children can also learn Spanish or French. Outdoor playtime takes place on the center's well maintained playground. Parents of children participating in the Child Care program at Grace also have access to the center's parenting program, daily living skills program, life skills programs, and GED program, enabling them to study while their children are taken care of in a safe environment. To assist parents, transportation is available via Grace's vans, which will pick up and drop off children. Grace Family Day Care Center has been in existence for 14 years. We have been instrumental in providing infant and childcare programs for children and adults. The organization practices Christian prinicples in helping children and parents to accept responsibility for their lives. The philosophy pf Grace Family Day Care Center is to develop the whole child physically, mentally, socially, emotionally, morally and spiritually, through learning activities and guidance, according to developmentally appropriate practice. Since its beginning in 1991, Grace has incorporated literacy and other family services into its programming. Grace is a non-profit 501 © (3) organization with strong ties to a Christian church that focuses on wellness and strengthening the family. In 1991 Grace opened with a license to provide care for 8 children. In 1999 the agency expanded and was licensed to care for 71 children and families, adding to its credentials a K4-K5 Choice School compenent. In 2002 the organization expanded to two locations and is presently licensed to care for more than 167 children and parents with a Choice School for K4-3rd grade. Both buildings are located in economically disadvantaged neighborhoods in the City of Milwaukee, and primarily serve African American families receiving public assistance. Grace has several collaborations with community base organizations in the Milwaukee area, ie. SDC Head Start, Paces, Milwaukee County, 4C Community Coordinated Childcare, and Private Industry Council, WIA/ITA.

AGENCY PROFILE: Gray's Child Development Center, Inc. has been caring for Milwaukee's children for 33 years. We have been state licensed since our founding by Mrs. Bessie M. Gray in 1973, and a non-profit 501©3 company since 1979. In 1991 we moved into a large, beautiful facility located on 17 acres of land on the north side of the city. Services in specialized childcare and employment training for childcare professionals was expanded and our current licensed capacity is 287 children in the various programs. We currently have 111 children enrolled in our academy and 120 children enrolled in daycare. Quality education and care is provided for children from age of 6 weeks through fifth grade. Our programs include full and part time childcare, elementary school K4 through 5th grade. Our after school and summer programs welcome children through age 12, with interesting and challenging programs that encourage learning about our environment, community and just having fun.

In 1994 Gray's became the 48th program in Wisconsin to earn accreditation from the National Academy of Early Childhood Programs, in 2001 we achieved this honor for the third time, in 2002 Gray's was designated as an Early Childhood Excellence Center, one of only 18 agencies statewide to receive this designation. And, in 2003, the Wisconsin Child Care Association for outstanding contributions to the field of childcare and education recognized Gray's. Mrs. Gray is a well-known pioneer in establishing quality childcare and educational programs for infants and preschoolers in Milwaukee. Under her guidance, we have helped to develop over 33,000 young children and have given them a firm foundation which to build their future. Gray's Child Development Center, inc. is truly a place where, as our motto states, "Each child is somebody special."

AGENCY PROFILE: Imani is a culturally based AODA program designed to address the sociocultural issues as well as the chemical dependency issues of African American men. Imani will utilize an Afro-Centric approach using a unique, creative, innovative and holistic approach, along with the 12 Steps, to address the special needs of African American men. This approach is spiritually based, provides habilitation in lieu of rehabilitation, and recognizes the difference between those behaviors/attitudes that are dysfunctional and those that are actually cultural. This Afro-Centric approach requires that African-American cultural characteristics be built into all aspects of treatment. The primary goal for each of our residents is total abstinence and an attitudinal change conducive to the development of a spiritually based lifestyle which insures a change of the entire being, i.e. physical, spiritual and mental. Goals also include developing anger management and life-skills, employment readiness, budgeting, etc.

AGENCY PROFILE: If you are looking for a facility that has what it takes to assist you in getting your life back together, look no further. Jabez Residential Living Center is the place where you will be treated with respect and dignity. The management and staff are committed to providing every opportunity for you to succeed by ensuring safety, gender/culturally responsive treatment, education with a work focus and a clean, safe, comfortable and nurturing environment. Women 18 and older will be provided AODA counseling, life skills training, education training (Adult Literacy & HSED), parenting skills, job readiness training & employment assistance, HIV prevention/education. Jabez is "Committed to Restoring Lives."

The Jabez Recovery House living strategy is based on the premise that in order for women to start the process of developing self confidence and self worth, they must be provided a clean, safe, nurturing environment where they can feel secure and free to express themselves. In keeping with that premise, we intend to provide an environment where each woman in our program is treated with the highest level of dignity and respect.

Clients currently living at the Jabez Center are receiving outpatient or day treatment programming from a variety of clinical providers. Each client has a different need and is evaluated individually. The anticipated length of stay is relatively short, but the client must be consistent in meeting the goals that are identified in their Single Coordinated Care Plan (SCCP).

The Center has 24-hour staff that are trained to visibly identify signs and symptoms of alcohol and drug use. Random drug testing is conducted to enforce the policy. This is a well-structured environment. House meetings are conducted every Sunday night to address concerns and make rule revisions as necessary. The Center encourages client discussions and suggestions.

The Jabez Recovery House is committed to providing an environment that is conducive to positive and sustainable changes, which afford the women in our program the opportunity to truly regain their freedom and independence. Outcome goals are:

Gainful employment
Job skills development
Life skills development
Independent living
Group living skills

AGENCY PROFILE: KidZone Child Care, Inc. exists to offer quality child care services to parents within the community. We are among the one percent of child care businesses in the Greater Milwaukee area that has been granted Accreditation, and is nationally recognized. We have met Accreditation standards in: positive relationships with children and families, appropriate environment and materials, activities for children, knowledge of developmental learning goals, adhering to safety and health guidelines, and operating a sound, professional business. Our hours of operation are convenient and flexible, we are available 1st, 2nd and 3rd shifts.

We are committed to providing high quality child care services and parenting to parents in our community. We are Early Childhood Education Professionals. WE INVITE YOU TO TOUR OUR CHILD CARE CENTER by calling Ms. Necole Huffman at 614-7299 or by email kidzoneccc@aol.com.

We also offer a Parent Care Program; "On Track" that includes parenting classes, parenting assistance, and parenting support meetings. The program goals are to help parents reduce parental conflict in the presence of the child(ren), remove the child from adult issues, and to put the interest of the child first. There are a variety of parenting topics, issues, and practical parenting skills taught.

Services are available to clients of Milwaukee Behavioral Division, community based organizations, agencies, and programs that seek our services. We are available both on site and off site. Our services are available to parents, guardians, foster parents, kinship care givers, teen parents, single mother and single fathers of all ethnic groups with children ages two months old to thirteen years of age.

AGENCY PROFILE: Matt Talbot Recovery Center provides comprehensive, holistic services, both clinical and ancillary, to assist adult men begin their recovery from Substance Use Disorders. Our agency incorporates models and methods of care including 12 step, rational-behavioral, and motivational enhancement therapies, which are geared toward the needs of the individual client. Significant in the needs of those we serve is a willingness to "reconnect" with family members, particularly children, who have been alienated by the addiction (s) experienced by the client. As a result, we have developed a Family Reconciliation Initiative to assist primary clients in assuming a more formal, consistent presence in the lives of their children, particularly minor children. This program includes family counseling, mediation, budget assistance, and legal support (in establishing a child support plan that is responsible but not unrealistic financially for the client.) Additionally, our agency has developed, beginning in 1996, an Employment Assistance Initiative (E.A.I.) which assesses each participant's work history, interests, and expertise, and then assists in job placement at one of the twenty six area employers with which we active relationships. These sites include healthcare, manufacturing, retail, and services.

Matt Talbot Recovery Center began this program through a "seed" grant from the Helen Bader Foundation because the State Department of Vocational Rehabilitation's criteria for persons with Addictive Disorders excluded our clients. To date, our placement rate for first time applicants exceeds 70%. Based upon the demonstrated needs of our recipients, we have developed the following additional program tracks, all of which tie in closely to the treatment regime:
Living Skills: NUTRITION, ACTIVITIES OF DAILY LIVING, HOUSING PLACEMENT, AFTERCARE, INTERVENTION, SUSTAINABILITY

We acknowledge that many participants enter the agency with many long-standing challenges. Because of this, we believe it is essential to the success of the client to provide ongoing follow up care after leaving the program.

Sustainability staff, who are essentially Case Managers with AODA Backgrounds, provide intervention, management, and support in the areas of therapy (AODA/MH), housing, budgeting and re-employment (connecting participants to alternative job opportunities if there is a loss of job); additionally, as we attempt to be pro-active in our approach, we have and will continue to offer employee-employer mediation services to minimize the potential for participant's job loss.

Sustainability staff follow clients for up to one year after discharge, in order to provide necessary support and direction.

AGENCY PROFILE: Milwaukee Health Service Systems II is one of 5 MHSS clinics in the State, specializing in methadone treatment of narcotic addictions. There are two clinics in Milwaukee, one in Madison, one in Appleton, and another in Wausau. Since the 1960's, methadone has been used in the maintenance treatment of narcotic addictions. When used as prescribed, it can halt cravings for street opiods without producing a "high". Proper dosage will prevent withdrawal and can be adjusted throughout the program to maintain patient's ability to function normally while optimally weaning them from the methadone over time. Our goal is to offer a wide range of "Medication Assisted Treatment". We believe you can attain an independent constructive lifestyle. Our priority is to stabilize each individual by providing medically monitored treatment, combined with psychosocial rehabilitation services. In our safe and clinically supportive environment, patients can make a positive change in their lives in an atmosphere of dignity and in a therapeutic time frame that is appropriate for each individual. We understand the difficulties of the social stigma associated with being addicted. We believe that opioid dependency is a biochemical disorder that can be managed with appropriate medication and counseling. Our clinic offers comprehensive ambulatory drug and alcohol addiction treatment including drug screening, detoxification for opiate dependencies, polydrug abuse treatment, and individual, and group counseling. Program features include: personalized treatment plan, HIV and Hepatitis C education, convenient and flexible hours, vacation dose service, and a comprehensive physical exam. MHSS II through its review of Milwaukee County demographics information generated within this region, makes every attempt to identify and meet the cultural needs of those seeking/participating in treatment. All staff receives training to ensure they acquire the cultural knowledge and skills needed to provide culturally appropriate treatment of the patient population served. Any individual with limited English language capability barriers shall have equal access to substance abuse services. There are Spanish and Hmong counsleors on staff.

AGENCY PROFILE: Founded in 1980 as an emergency shelter for battered women and children, today, the Milwaukee Women's Center is the largest and most comprehensive family violence service agency in the State of Wisconsin. To respond to the changing needs of it's consumers, the agency has evolved into a human service organizationthat provides holistic services to men, women, and children in the areas of family violence, substance abuse, mental health, and other co-occurring disorders. Each year more than 2,500 men, women, and children receive intervention, prevention, and treatment services and more than 13,000 individuals are assisted through the 24 hour crisis line and community education program. The organization's mission is to comprehensively and passionately treat domestic violence and substance abuse issues for women and their families, creating a foundation for rebuilding safe, stable, and productive lives. The Milwaukee Women's Center approaches services from a culturally competent and gender sensitive perspective; and recognizes that in order to effectively assist consumers with their recovery process, inherent strengths, informal supports, and personal choice must be incorporated into consumer's treatment plans. Utilizing unconditional care and an open door policy, consumers are able to access services in a nonjudgemental and engaging environment. To address the holistic needs of individuals and families, each consumer is assessed for immediate needs, substance abuse, domestic violence, mental health, and co-occurring disorders. Because the agency has a comprehensive menu of services to meet these needs, consumers have the option to access most services at one site. Services are integrated, and are based upon the reality that different forms of abuse are interrelated, and cannot be treated as separate issues. Following is the Milwaukee Women's Center menu of services. Family Violence Services: Emergency Shelter and supportive services for battered women and children, 24 Hour Crisis Line, Specialized case management and support groups for older abused women (age 50 and above), Batterer's treatment, Community Education and prevention curricula, individual and group therapy and counseling. Behavioral Health and Social Services: Intensive Day Treatment for Women, Outpatient treatment provided to men and women, Individual substance abuse counseling and Care Coordiation/Recovery Support Services, In home substance abuse treatment for individuals experiencing barriers to treatment in a traditional clinical setting, Mental health individual and group counseling, Individual, family, couples, and group therapy that specializes in domestic violence, substance abuse, and other co-occurring disorders, Care Coordination and Recovery Support Services that are provided through a Wraparound philosophy, Advocacy and outreach, particularly for individuals involved in multiple systems such as child welfare and corrections, drop in child care, educational and support groups, housing assistance, budgeting assistance and vocational education. Community Education and Training: Research based and scientifically tested curriculums, presentations, public awareness posters and brochures, cultural competency and gender sensitivity analysis and consultations, trainings for professionals- prevention, education, and treatment of domestic violence, substance abuse, mental health, and other co-occurring disorders.

Mr. Robb Taylor has met all DOSP requirements necessary to qualify for his certification. In addition, Robb Taylor has received 40 hours of didactic training on domestic violence issues and treatment of batterers.

Domestic Violence Victim Services: This service is designed to educate and assist a participant to overcome the affect of being victimized by violence. This service may be gender specific and may cover a broad scale of understanding emotions and violent behaviors. This service will not include efforts to engage the victim with the batterer.

Domestic Violence Batterer's Services: This is an educational service designed to support participants in seeking to end violent behaviors against their partners. The key is to have an alternative to the violence. These services will not include efforts to bring batterer with victim.

Spiritual Support: Family and Individual: This service will assist the participant in his or her recovery plan. It will consist of spirituality in recovery and spiritual growth and development. This will be done by one's faith or denomination. Our facilitator is an ordained licensed Church of God in Christ Minister, and has been working in the domestic violence field for 15 years and is a certified batterer treatment provider.

AGENCY PROFILE: Multicultural Community Services is a community based organization dedicated to providing services to Milwaukee families since 1972. Multicultural is a well-known agency with a strong reputation for superior service delivery. Our center is a modern, clean facility that is 100% handicap accessible designed for the comfort of those we serve. Services provided by Multicultural Community Services are: Job Training, Job Placement, Career Counseling, Employment Mediation, Computer Skills, GED/HSED, Basic Skills, Quality Child Care, After School Care, Special Needs Children, Family Counseling.

We offer a Customized Custodian Training Program as part of our Supported Work Environment / Job Training Service. This is a 6 week program designed to prepare students for employment in the custodian industry. The first week focuses on education, and includes topics such as:

*Ground rules for professional custodians
*Success in employment
*Basic math skills assessment
*Working with ratios, measurements, and word problems
*Working with fractions and decimals, area and perimeter

The remaining weeks immerse the student in training with hands-on experience using equipment necessary for employment in cleaning, and specialty divisions. Courses are presented on a visual learning premise in order to accommodate limited English proficiency and low literacy.

Students that complete the course would expect employment from the following: Hotels, office building, stores, manufacturing companies, or any service provider in floor care, carpet care, and custodial industry.

Students must be able to physically lift and carry a minimum of 25 pounds.

Anticipated hourly wages at placement are:

$9.00 per hour (average)
$10.00 per hour (high)
$8.00 per hour (low)

AGENCY PROFILE: Funded in 1989, My Home Your Home (MHYM) is an innovative non-profit organization founded with the mission of providing a safe, secure, and supportive environment to at risk youth and young adults of Wisconsin. My Home, Your Home strives to ensure that our staff isa as diverse as the population we serve. MHYM has a demonstrated leadership that emphasizes commitment, vision, and results-oriented leadership. Collectively, My Home,Your Home, Inc, has over 100 years of experience in identifying needs, developing a vision of service delivery to support local families and foster children, forming strategic community partnerships, evaluating service quality and compliance, and implementing innovative programming. MHYH strives to provide the best possible services to society's most vulnerable children so that they can strive for happiness, health, and productivity as adults. In response to community needs, MHYH has grown significantly over the past decade. Services offered: Treatment Foster Care, Wrap-Around Care, Lissy's Place, Amad's Place, Placement Stabilixation Center, Daily Living Skills and Life Skills Training, House Management Services, Housing Assistance, Parent Assistance, AODA Family Counseling, AODA Individual Counseling. Each of our programs has given us a wealth of understanding regarding the community we serve, particularly their needs and the services and resources that meet those needs. Through the Wraparound care we have gained experience in working with juveniles who enter the program as an alternative to incarcerations. Care Coordinators are responsible for making daily to weekly contacts, depending on the needs of the jveniles on their case load, providing clients and their families with seamless services that aim to prevent further delinquencies and deter placements out of home. Since so many minority youth require intensive services, yet few minority agenices provide them, we were pleased to add this to our menu of programs and expand our continuum of care to best meet the needs of the children we serve. The Treatment Foster Care (TFC) Program has been a cornerstone of our program offerings. TFC began in response to our recognition of the need to find permanent placements for the most challenging population of foster children to place- teens living in residential treatment facilities. The teens in these facilities had little or no hope of returning to their biological families or being adopted and were resigned to living in these facilities until reaching the age of 18, whereupon, they would be discharged from the foster care system and left to fend for themselves. Lissy's Place, our Transitional Housing Program specializes in providing independent living services for young, single, homeless women aged 18 to 21. Some program participants have been in the juvenile justice system, giving us insight into the issues and concerns that can affect them. The goals of the program are to guide participants toward a safe, successful transition to self-sufficiency and assist them in obtaining permanent housing. These goals are achieved through stable housing, an interconnected web of independent living services, and intensive, supportive case management.

AGENCY PROFILE: From Recovery to Deliverance Profile

If a person and/or family member as well as a co-dependant are suffering from addiction of a mood altering substance, this meeting is for them. When God takes your addiction away it does not come back. The motto for this support group is: "Religious folk go to God to keep from going to hell, while Spiritual folk go to God because they have already been through hell."

Deliverance can be defined as being brought out of, and we relate that to being brought out of an addiction to chemicals.

There are 3 phases of recovery that lead to deliverance:
Step 1: Physical - Surrender
Step 2: Mental - Hope, Faith & Trust
Step 3: Spiritual - Commitment

Recovery is learned through converting the 12-Steps principle to scripture with a thorough break down of its application. Reading material from the following 3 texts are copied weekly and presented to each individual on a weekly basis and the progression of each step is studied and discussed from a physical, mental and spiritual perspective. Individual assistance is provided to participants when necessary.

A lecture and teaching on each step is facilitated thoroughly to enhance learning from a motivational viewpoint surrounding the readings. Questions are answered related to addiction and a connection is made physically, mentally and spiritually with each step.

A different scripture and meditation from the "NIV RECOVERY DEVOTIONAL BIBLE" is applied as the steps and cycle is repeated.

AGENCY PROFILE: The Open Gate, Inc. is a nonprofit organization that works to end homelessness in Milwaukee. We began in 1985 as Milwaukee's first transitional living facility for the homeless. Realizing that addictions play a large part in people becoming homeless (losing family, friends, home, etc) we decided to offer residential alcohol and drug abuse treatment to adult men who at that time had very few services geared toward them.

The Open Gate currently operates a 10 bed residential facility for men. We also operate a day treatment facility as well as outpatient treatment.

The small size of the program offers a family type atmosphere empowering each person to call the house "home" even for the short time they stay. It allows for the development of healthy, trusting, real relationships among the staff and the residents. Although we like to consider ourselves a family, the staff at the Open Gate are truly qualified individuals with a passion and mission to work with people with addictions.

Out Program Director, Aaron Pressie, develops the program and provides supervision to the primary counselors on staff. He has a Master's Degree in community mental health, so is also qualified to work with mental health issues which sometimes appear after a person stops using. Our primary counselors are certified and some have formal education as well. Most are also in recovery from their own addictions. The program is structured including: group therapy; one on one counseling; education groups; anger management; life skills; specialty groups; and clients progress through phases upon meeting their treatment goals. They work closely with the counselor assigned and develop their own goals and treatment plan. We aim to have every person employed and housed before leaving the program.

The Open Gate has, at the time a person completes their stay, a 98% success rate in resident employment and never allows a person to leave without having safe and stable housing. We encourage people to find mentors and/or sponsors in the community whether through self help groups or church involvement. The Open Gate is unique in that we work with people long after they leave the program. We realize that dealing with addiction is not an easy task. Whether the person ever uses again, we know that life offers us many challenges that at times, puts us in a position of need or asking for help. The Gate is Open – Open Hearts, Open Hands – 20 years of serving our community.

AGENCY PROFILE: Our Space was founded in 1988 by people living with a mental illness, their family members, members of the clergy and mental health professionals. Our Space was built on the belief that people who had been sidelined by their mental illness could get their lives back on track by joining an organization whose members (clients) had all "been there." It would be a place that helped people get back on their feet by giving them somewhere they could re-build the basic skills they needed in order to move forward. Every year the members of Our Space elect a Member Management Team. This is a group of eight people who work with the staff to develop the many programs that Our Space provides. The programs at Our Space are designed to help people improve their lives using the tools that have been proven to help them succeed. Our Space employs many of its members to do everything from working at the Blue Dove Gift Shop or the Price is Right Shoppe to assisting in peer mentoring, outreach and janitorial programs. Volunteers from the community form the Board of Directors, the Advisory Committee and assist in running daily programs. New members are encouraged to join one of the many daily programs that Our Space offers. Some of the most popular programs at Our Space include: the Wellness/Exercise Program, Computer Instruction classes, several different support groups and recreation activities such as pool, ping pong and community outings.

Over half of the people that come to Our Space have a "dual-diagnosis," meaning that in addition to their mental illness, they also have a dependency on drugs or alcohol. As a result, programs that address the specific needs of these individuals were created and are now being offered to individuals who have an alcohol or drug abuse problem, but may not have a mental illness. The Parenting Assistance Groups run for ten weeks and helps people improve their parenting skills. Each session focuses on a necessary tool for successful parenting and also includes a special focus on how alcohol or drug abuse can affect parenting. Group and individual instruction is available and the Parenting Coordinator will offer hands on parenting assistance. The Daily Living Skills Program meets in groups as well as on an individual basis and is a 6-week program that provides support and training for everyday practical and financial skills, such as nutrition, personal care, and money-budgeting skills.

People who attend these programs can become a member of Our Space, but are not required to do so. Our Space is located at 525 W. Lincoln Ave., Milwaukee, WI 53207 and our phone number is (41) 383-8921. Our Space is open from 9am until 4pm Monday through Friday with some nighttime and weekend activities.

AGENCY PROFILE: Parkview Counseling Associaates believes that clients must be treated with respect by providing individualized and cost effective treatment services in a safe and confidential environment. Thorough assessment and individual counseling sessions are an intrinsic component of our treatment philosophy. Parkview Counseling takes a holistic approach when treating clients, utilizing a team concept that includes psychiatrists, psychologists, vocational counselors, social workers, and community support programs. Parkview considers referral sources to be an important part of the treatment team. Parkview Counseling Associates believes that the etiology of substance abuse/mental health issues involves multiple dynamics including biological, environmental, cultural, intrapersonal, and interpersonal factors. All of these factors should be considered when developing an effective treatment plan. Parkview Counseling believes that substance abuse and mental health problems affect the entire family and we encourage family involvement. Parkview Counseling Associates believes it has a responsibility to advocate for people experiencing substance abuse or mental health problems and ensure accessibility and timely treatment. We believe that all clients treated at our agency should be discharged having had a positive treatment experience and we use client feedback as well as valid research to improve treatment outcomes.

AGENCY PROFILE: Partners for Working Training Institute's (PFW) mission is to provide ex-offenders, at-risk youth, and their families with hope, via access to rehabilitation, employment, education, self-esteem, self-reliance and basic human needs. Thereby reducing crime, incarceration, recidivism and related problems like abuse, addiction, broken homes and their affects on society and individual lives, while providing society with alternatives to imprisonment and the hopelessness it offers. You will find that the tools for this curriculum-training program are employment focussed. They have been developed to help all of us train employees essential skills needed to find employment, to progress, and to handle the stress that accompanies the rewards of working. They are products and services that are proven successful everyday, regardless of which we are working with, whether they are the ex-offenders, parolees, unemployed or underemployed. Participants enter the program well before parole. Upon admission to this training, participants undergo a thorough assessment that identifies their risk of recidivism and their areas of particular risk and need. Based on this information, partner's for work case manager(s) work with each participant to establish a specific transition plan. PFW participants graduate from the program once they successfully meet their program goals up to two years following release into community. Each participant is matched with a trained mentor who acts as a resource person and advisor, and who also helps keep the participant accountable to his transition plan. Each mentor/participant match is rooted in a church that has expressed commitment to the PFW participant, offering a base of Christian love and nurture in a community of believers to the participant and their family.

AGENCY PROFILE: Humanist Ministries is a non-profit social service provider. Founded in early 1999, its mission is to empower, enhance, and provide support for personal and family development. Humanist Ministries programs have been designed to assist program participants in their efforts to become reasoning, self-sufficient and productive members of the society and communities in which they live. This mission is accomplished through a variety of social service programs. They include: Life Skills Development, Child Care, an After School Program, Employment Assistance, Anger Management, AODA Relapse Prevention, Parenting Classes, Parent Assistance, Housing Assistance, Home Management Assistance, Ex-Offender Services, and so forth. High unemployment, poverty, alcohol and drug abuse, single parent families, teen parenthood, youth crime and delinquency, mental health issues, and other problems have disrupted many families and placed them on edge of collapse. Humanist Ministries offers a comprehensive package of services to empower individuals and families to become responsible for their own destinies. By promoting confidence in the ability of people to solve their own problems using free inquiry, reason, and imagination, program participants embark on a journey of self-discovery and self-reliance. A common thread throughout all Institute programs is the basic belief that our clients can be motivated, educated and prepared to become self-sustaining.

AGENCY PROFILE: Social Rehabilitation & Residential Resources (SRRR) provides AODA Outpatient Counseling Services for men, women and Families with substance abuse issues. Services are provided in a culturally sensitive environment. Substance abuse services include: assessment and evaluation; AODA education; aftercare treatment; relapse prevention; and intensive outpatient treatment 1) individual, 2) group and 3) family therapy; Also 4)adolescent substance abuse treatment which includes addressing underage drinking problems. Our services adopt the 13 core values that's incorporated within the Single Coordinated Care Plan (SCCP) and revolved from the wraparound philosophy process. Bus routes 18, 53, and 87 stop directly in front of the building. Clinic hours are Monday-Friday 9am-5pm for adult programming and evening hours available for adolescent.

SRRR's Century House is a transitional residential treatment facility for adult males located in a rural area. The treatment facility services men recovering from chemical dependency and co-occurring disorders; based on the twelve step model. Residents, eighteen years and older receive treatment for their addiction in a structured, home-like setting. Goals are set up at the time of admission and each resident's progress is monitored as they are facilitated back into the community upon the completion of their 90 day stay. In special cases extensions may be granted.

2nd Century is a Men's transitional residential facility operated by Social Rehab & Residential Resources. Social Rehab is a private non-profit Behavioral Health agency providing Mental Health and AODA services to Milwaukee and Waukesha Counties since 1968.

2nd Century is a 90 day residential program offering clients a safe and supportive environment to begin their recovery from alcohol and drug addiction. 2nd Century also serves individuals with co-occurring issues. 2nd Century is staffed twenty four hours a day with professional and caring counselors. Group therapy is offered two times per day Monday thru Friday and once on Saturday. Clients meet with their individual counselor at least one hour per week.

Individual Recovery Plans are developed within four days of admission. Clients develop this plan with the help of their individual counselor. Progress is monitored closely to help individuals meet their recovery goals.

AGENCY PROFILE: Sojourner Truth House-Batterers Anonymous-Beyond Abuse (BA) program is a state certified batterer's intervention program. The program has been helping participants since 1981, to eliminate violence, abuse and controlling behavior in their intimate partner relationships. BA believes that abuse is destructive and a learned behavior that can be replaced with new, constructive, non-abusive behaviors. The program gives participants insight and tools for behavioral change, which can in turn strengthen families and relationships. Here at BA we believe given education, support, skill building tools coupled with an investment of time people can change their abusive behavior. Treatment is provided through educational/support groups. Many of the group facilitator's are former victims or former batterer's themselves. They understand what it is like to struggle with domestic violence and abusive behavior. Many of the BA facilitator's have over 10 years of experience in providing batterer's intervention treatment. To enter the program an initial intake/assessment is required. Please call to schedule an intake appointment.

AGENCY PROFILE: Sojourner Truth House offers a variety of programs that target those affected by domestic violence. We provide a safe and secure emergency domestic violence shelter and a 24 Hour Domestic Violence Hotline. Our Transitions program moves women toward safe, independent housing apart from their abuser. Our Job Readiness Training program teaches women how to obtain and retain employment. Our children's program teaches school age children five critical domestic violence survival skills and enhances self assurance through an acadmenic enhancement program. We also staff a Domestic Abuse Victim Advocate program in the Domestic Violence unit of the Milwaukee County District Attorney's office. This program reassures and supports domestic violence victims, explains the system to them, advocates for them, and makes suitable and timely linkages to appropriate service providers. Our Batterers Anonymous-Beyond Abuse (BA) program focuses on abuser intervention and education. This program helps abusers eliminate violent and controlling behavior in their lives. Finally, our Community Education Program is a pro=active approach that reaches students, professionals, individuals, and members of the interfaith community, teaching them the detrimental effects of domestic violence and the resources that are available to address this problem.

AGENCY PROFILE: Mission Statement: To engage disenfranchised individuals who have substance abuse and/or other life-controlling problems and to initiate a Christian, life-training process, assisting the individual to function positively and productively in society, applying spiritually motivated biblical principles in the family, local church, chosen vocation and the community at large. Teen Challenge endeavors to help people become mentally sound, emotionally balanced, socially adjusted, physicall well and spiritually alive. Teen Challenge has both a Men's Center located at 9222 W. Appleton Avenue and a Women's Center located at 727 N. 31st Street in Milwaukee. We offer a Oney year residential program at both centers for those 18 years and older. While our program is uniquely Christian and Biblically based, we have had success working with people of various religious beliefs and practices. In fact, Teen Challenge offers practical, life transforming principles for any/all who wish to be free from negative, destructive, life-controlling problems, and desire to discover and live out God's plan and purpose for their lives. Teen Challenge functions as a Christian "care and support" model, employing an educational model within which pastoral counseling facilitates the internalization of the education content presented. The educational content is from the Bible, writte for the purpose of Christian life training. Pastoral counseling is employed to asssit individuals in relating the eduational content to their unique life situation. The primary goal of this counseling is not simply to arrest the addiciton and related destructive behaviors, but to develop and apply an entirely new paradigm for life- one free from compulsive, destructive behaviors. The therapeutic component of Teen Challenge differs from a traditional clinical or formal counseling model.. Therapeutic, within the Teen Challenge context, identifies that there is a way in which the services of TC can be described in terms of how the ministry helps people, and how that help is accomplished. The therapeutic program of Teen Challenge is basically a "living experience". The total environment is designed to offer a therapeutic setting. One of the first things a resident experiences after he/she stops using drugs, alcohol, etc., are emotions that have been repressed for some time. Negative memories, hidden fears, past hurts, and repressed pains may be present at any time during the recovery process. The TC environment is designed to be caring, supportive, protective, and encouraging at just such times. At times, the TC environment must be one of personal/self confrontation. The pain that previously allowed drugs, alcohol, etc. to be satisfying is now used as motivation. The direction that this motiviation takes- either reverting back to the addiction, having a negative emotional response and behavior, or moving towards honest self reflection- depends, to a large extent, upon those persons in the immediate environment and their interactions and relationships with the individual resident going through this experience. To offer help during these experiences, five therapies are utilized: work therapy, group therapy, individual therapy, music therapy, and recreational therapy. The long term goal is to enable each resident to function in society as a responsible and productive individual, and to apply biblical principles to family, church, work, and community settings.

AGENCY PROFILE: Tiny Treasures Childcare and Development Center is a licensed group center that works to meet the needs of both parent and child. Our goal is to provide a safe and healthy environment for your child, in your absence. Our program offers a hands on curriculum, which allows your child to learn through play. Structured and non-structured activities outline our daily schedules, which ensures opportunities for positive experiences. Your child will explore his/her environment and build a positive self-image. Our program will also introduce your child to the early learning standards that are necessary for educational growth. With SDC as our food service provider, and Tiny Treaures team as a whole, we continue to work toward meeting the needs of both parent and child.

AGENCY PROFILE: The Centro de la Communidad Unida-United Community Center Human Services Department AODA Treatment Clinic (UCC) is dedicated to serving the Hispanic population of Milwaukee's near south side. The center's holistic approach utilizing strength based and values common in Latino families focusing on a treatment specific to the following core values. "Familisimo", "Respeto", and "Confianza". This philosophy of treatment is based on providing Culturally Competent services to the Hispanic population. Our program has a unique ability to offer trained and experienced Latino staff to provide bilingual and bi-cultural services to the Latinos with AODA and emotional issues. In understanding the diversity of Latino population or "sub cultural" and familial roots, UCC effectively acknowledges varying "Costumbres" of client's and their families. This is demonstrated in development and implementation of therapeutic groups such as "Cocinando con Novelas" and "Cuenta Cuentos".

All of the programming offered is designed to observe "respeto" the vast diversity of the Latino population that may include speaking different dialects, serving variety of foods and allowing for the practice of different "costumbres". Since the 1970's UCC has served the Latino population with an emphasis on serving Spanish-speaking Hispanics, both individuals and families with children.

AGENCY PROFILE: White's AODA Day Treatment & Outpatient Services, Inc., is a community based Alcohol and Drug (AODA) Treatment facilities that provide a treatment program to promote abstinence from chemical dependence.

Our mission is to provide client and their families with a comprehensive program designed to promote abstinence from chemical dependence in a non-residential treatment setting, while becoming nurturing individuals and if parents, nurturing parents in a positive and caring environment.

The Day Treatment Services (DTS) involves primary treatment for alcohol and drug dependent individuals that consist of an intensive, daily structured program provided by an interdisciplinary clinical team. The two-stages of services may be concentrated in a six to twelve seek period. The DTS provides a didactic sequence, daily group therapy, individual, couples, and family counseling, AA/NA/CA orientation, recreation/socialization, vocational counseling and psychiatric consultation.

The Outpatient Treatment Services (OTS) is designed to confront a more chronic degree of substance abuse and dependence than primary day treatment services. The Outpatient Treatment track is for clients who do not require inpatient treatment, but will benefit from a more structured regimen than is traditionally available in the outpatient area.

While involved in Outpatient and Day Treatment, each client will be staffed by the interdisciplinary clinical team.

Through counseling, the client begins to develop a Personal Sobriety Plan (Individual Treatment Plan) to follow in order to support a productive lifestyle and reintegrate back into the community. The client will be offered the opportunity to participate in outings such as the Bucks Games, Pabst Theater Shows, Swimming, Exercising, Bowling, Dining Out, etc. (This Provider Profile will be Revised if any changes are made.)

AGENCY PROFILE: Wisconsin Nazarene Compassionate Center, Inc. (WNCC) operates a transitional living facility for homeless drug and/or alcohol addicted adults called Project H.E.A.T.(Habitat, Employment to Achieve Transition). WNCC has operated Project Heat for over 12 years. We are centrally located at 2904 W. Wells Street, close to the #10, #27, & #30 bus lines. Project H.E.A.T. offers a structured recovery membership program that adheres to a "zero" tolerance policy which ensures that if an individual chooses to use drugs or alcohol, they will be immediately terminated. We have twelve double occupancy furnished apartments and six single occupany apartments. Other services include a food pantry, laundry facilities, in-house recovery support meetings, men and women's support groups, four live-in recovery staff members, linens, and locked lobby, resource referrals and support. Members are expected to be employed, enrolled in school, or engaged in volunteer service. Individuals must also enter and complete outpatient treatment for their addiction. Our members are required to attend three community recovery meetings each week, and must obtain and have weekly contact with a sponsor. This program stresses accountability and responsibility. Placement at Project H.E.A.T. is through a one-hour interview process. During the interview, information is gathered regarding drug history, treatment, employment, legal, psychological, medical, family history, and education. Decisions regarding acceptance are made by the Program Director and staff, and prospective clients are notified within 24 hours. Project H.E.A.T. is a program for indiviudals looking for a safe, sober lifestyle. We accept adult men and women, individuals who are dual-diagnosed, and homeless addicts. Referrals can come from other social service agencies, detox units, hospitals, social workers, case managers, Probation/Parole, Correctional facilities, and self referrals. Prospective members must be medication compliant.

AGENCY PROFILE: Word of Hope is a faith-based community organization that was established by Paster CH McClelland in 1996. We provide a range of services in our Family Resource and Technology Center that are designed to encourage personal development and responsibility, and to help empower individuals and families to be productive and self-sufficient in their homes and in the community. Our programs include: 1. AODA Counseling-state certified counselors whose sole purpose is to assist individuals to live their lives free from alcohol and drug dependency. All counseling activities are conducted in accordance with HFS 75. 2. Employment Services-we assist individuals with development or improvement of their work readiness skills by providing vocational and educational training; job development, job placement, and job retention support services. 3. Health Care-licensed medical practitioners who screen for high blood pressure, diabetes, high cholesterol, glaucoma, and cancer; treatment referrals to medical providers are made when appropriate. We are partnered with the Medical College of Wisconsin. 4. Mentoring-group and one-to-one coaching to foster the development of positive attitudes and behaviors, improve or establish positive support networks within families and the community; and to learn to develop and utilize those life skills that will help build self-esteen and promote self-sufficiency. 5. Social Services-assessment and counseling to address the human service needs of individuals and families; the goal is to avoid crisis situations through intervention and education. 6. Ready4Work-provides re-entry support services to former inmates, ages 18 to 34, who have been released within past 90 days, or are currently in pre-release centers. Service plan includes intensive case management, educational and vocational training; job placement, retention support services, and ATODA counseling when appropriate.

AGENCY PROFILE: Working Together's curriculum for Employment Services is an individualized program for each client. The client will have their own Employment Specialist. Your Program begins with a Vocational Assessment, which outline's your employment needs and goals. The Assessment includes meetings with the client, family, and Team Members. This will include:

Intervention within the community to observe social functioning skills
Residential Information (possible job leads)
Education
Work Experience
Time Management
Transportation
Behavioral Challenges
Degrees of Support

The data collected from the Assessment, will determine an excellent match for both the client and the employer. The Logistics Information Form will identify the client's needs for transportation, I.D.'s, and paperwork necessary for employment.

The client will have one on one sessions with an Employment Specialist on the following: Resume Building/Writing, Cover Letters, How to fill out an application, Interviewing Skills, Building Self-Esteem, Career Development, Motivation

An Employer Contact Log is kept for each client. This log is helpful for all clients; keeping track for positive matches with employers. When hired, Job Coaching is provided as the client's needs require. The goal of coaching is to provide the client support with job duties, responsibilities, job maintenance, and positive interaction with co-workers and within the community. A Job Support Plan will be documented with the client's new job and responsibilities. Job Coaching is a "Support System" for the client's employment needs and goals, as outlined by Team Members. Weekly or Bi-Weekly Reports are sent to the Care Coordinator.
