This Lobbyist Handbook was created to assist persons required to register under the provisions of the lobbying ordinance. This cursory review does not replace the registrant's responsibility to review chapter 305, subchapter 3 of the Milwaukee Code of Ordinances related to the regulation of lobbyists.

I. Purpose of Lobbying Registration.

The Common Council declares that the operation of an open and responsible government requires that the fullest opportunity be afforded to the people to petition their government for the redress of grievances and to express freely to any officials of the executive or legislative branch their opinions on legislation, on pending administrative and other policy decisions, and on current issues.

Essential to the continued functioning of an open government is the preservation of the integrity of the governmental decision-making process. In order to preserve and maintain the integrity of the process, the Common Council determines that it is necessary to regulate and publicly disclose the identity, expenditures and activities of persons who engage in, who hire others, or are hired to engage in efforts to influence actions of the legislative and executive branches.

II. Definitions.

Administrative Action means the proposal, drafting, development, consideration, or issuance of staff recommendations, whether those recommendations are required by the code of ordinances, or requested by the Mayor or a board, committee, commission or the Common Council.

Administrative action **does not include** action related to an enforcement action commenced by a written order, a citation, or a summons and complaint.

City Official means any individual holding a position which is designated by the city positions ordinance as being required to file a statement of economic interests under s. 303-11.

Legislative Action means the development, drafting, introduction, consideration, modification, adoption, rejection, review, enactment, or defeat of any resolution, ordinance, amendment, report, nomination or other matter by the Common Council, a Common Council committee or subcommittee, or by a Common Council member or employee of the Common Council acting in an official capacity.

“Legislative action” also means the action of any city official in the development of any matter or proposal for introduction to or consideration by the Common Council.

“Person” also includes a recognized employee organization, association and its representatives.

III. Lobbyist Registration Requirements.

A. Overview.

1. Annual registration is required of persons who attempt to influence legislative or administrative action by oral or written communication with any city official. Certain exceptions to registration have been established; see Section D on page 6.
2. Each license for a lobbyist to engage in lobbying is issued for the calendar year. The license expires on December 31 of each year, irrespective of the date on which the license was issued.
3. **Updated!** The license fee is \$125 per lobbyist per principal, regardless of the number of principals registered by the same person in any calendar year.
4. Each license issued to a lobbyist indicates a principal on whose behalf the lobbyist is registered to lobbying. Lobbyists must submit a separate registration application and fee for each principal represented.
5. Principals are required to file an expense statement for each biannual reporting period in which a minimum of \$500 in lobbying expenditures have been made. See Part V on page 16.
6. Nothing in the lobbying ordinance shall be applied to or interfere with the right of any person to communicate with the Common Council member who represents the district in which the person resides, whether or not this communication is made on behalf of the person or on behalf of another person.

B. Where to Register.

1. Submit by mail or in person completed lobbyist registration forms to the License Division of the City Clerk's Office located at City Hall, 200 East Wells Street, Room 105.
2. Registration forms and related information are available online at www.milwaukee.gov/lobby or can be obtained by contacting the License Division.

See Part IV on page 11 for information related to the forms required for registration.

3. Registration forms submitted electronically or by fax are accepted.

C. Who Needs to Register.

1. Lobbyist means any person who is employed by a principal or contracts for or receives economic consideration other than reimbursement for actual expenses from a principal, **and** who lobbies on behalf of the principal for 2 or more hours within a single reporting period.

2. Any person meeting the definition of a lobbyist is required to register with the License Division within 15 days of meeting the definition. Certain exceptions to registration have been established; see Section D below.

3. In the event a person engages in lobbying on behalf of multiple principals, separate registration applications and fees are required for each principal represented. See Section B, Part IV on page 11 for information related to fees.

D. Registration Exemptions.

The provisions of the lobbying ordinance do not apply to the following:

1. A city official, provided he or she is solely in matters of governmental interest concerning his or her respective governmental body and the City of Milwaukee.

2. A person who owns, publishes or is employed by the published or broadcast media, provided the person does not engaged in other activities that require registration under the lobbying ordinance and does not represent another person in connection with influencing legislation.

There is **no exemption** for a person whose relation to the news media is only incidental to a lobbying effort or when a position taken or advocated by a media outlet, reporter or editor directly affects or seeks to influence legislation in which the media outlet, reporter or editor has a direct or indirect financial interest.

3. A person who, without compensation and not as part of or in the ordinary course of his or her regular employment, presents the position of a civic organization such as a taxpayer's association, a community organization or other organization, however formally or informally organized.

A person is **not exempt** when a position taken or advocated directly impacts, affects, or seeks to influence legislation in which that person has a direct or indirect financial interest.

- 4.** A person who presents the position of a religious organization on matters involving the religious beliefs of the organization.
- 5.** A member of the State Bar of Wisconsin, acting on behalf of a client in an attorney-client relationship, while performing a duty or service which can be performed lawfully only by an attorney licensed to practice law in the state of Wisconsin.

- 13.** A person who is a design professional, acting on behalf of a client, while performing a duty or service within the definition of the practice of his or her profession. This paragraph does not exempt a person when the performance of a duty or service directly impacts, affects or seeks to influence administrative or legislative action in which that person has a direct or indirect financial interest other than receipt of professional fees and reimbursement for actual expenses.

E. When to Register.

1. Any person meeting the definition of a lobbyist is required to register with the License Division **within 15 days** of meeting the definition.
2. The definition of a lobbyist includes a threshold that establishes that a person is a lobbyist after the person engages in lobbying on behalf of the principal for 2 or more hours within a single reporting period. As a result, the 15-day period within which a lobbyist is required to register does not begin until the 2-hour threshold has been met.
3. In the event a person engages in lobbying on behalf of multiple principals, separate registration applications and fees are required for each principal represented. The 15-day grace period within which a lobbyist is required to register does not begin until the 2-hour threshold has been met on behalf of a particular principal.

F. Changes to Lobbying Subject Areas.

1. Persons registered as lobbyists are required to amend their original registration filings so that their files reflect at all times the areas of legislative or administrative action they are attempting to influence on behalf of a principal.
2. Changes must be reported **within 10 days** of the changes taking place.
3. Changes and additions may be reported to the License Division or lobbyists can change or add their administrative or legislative action information by using the online amendment form available at www.milwaukee.gov/lobby.

XI. Frequently Asked Questions.

Provided below are questions and answers which are intended to illustrate applications of the lobbying ordinance:

Last Updated 10/31/2005

1. Q. Is a person a lobbyist if that person contacts the member of the Common Council who represents the district in which he or she resides to request that certain action be taken?

A. The person is not a lobbyist because the person is communicating with the Common Council member who represents the district in which the person resides, regardless of whether the person is paid to make the contact or is making the contact on the behalf of another person. See s. 305-51-2.

2. Q. Is a person engaged in lobbying if that person is employed as a manager of a company and contacts city officials to urge support for granting to the company certain permits or licenses, or appears on behalf of the company at a meeting of a Common Council committee to urge support for granting to the company certain permits or licenses?

A. Because the person is employed by a principal and is engaged in lobbying on behalf of the principal, the person is required to register as a lobbyist whenever he or she engages in lobbying for 2 or more hours within a single reporting period; however, the calculation of time spent engaged in lobbying does not include appearances before a city board, commission or committee or contact with the member of the Common Council who represents the district in which the person resides. See ss. 305-43-5 and 7, and 305-45-1.

3. Q. Is a person engaged in lobbying if the person under scenario #2 is the owner of the company and not an employee? Does the determination of a lobbyist depend upon whether the person owns or controls an interest in the company above a certain percentage?

A. The owner is a principal because he or she is engaged in lobbying on behalf of a company which he or she owns, and, the owner is required to register as a lobbyist if he or she engages in lobbying for 2 or more hours within a single reporting period; however, the calculation of time spent engaged in lobbying does not include appearances before a city board, commission or committee or contact with the member of the Common Council who represents the district in which the owner resides. The ordinance does not establish threshold requirements relating to the percentage of a company a person must own or control an interest in before registration as a lobbyist is required. See ss. 305-43-4 and 8, 305-45-3, and 305-45-1.

4. Q. Is a person engaged in lobbying if the person under scenario #2 is an attorney retained by the owner to represent the company before a city board, commission or committee?

A. Because representing a person in a *quasi judicial* proceeding involves activities which are the practice of law, attorneys engaging in any of the following activities are not subject to the provisions of the lobbying ordinance:

1. Representing an applicant or licensee before the Utilities and Licenses Committee or before the entire Common Council.
 2. Representing a person who has filed a claim against the city, before the Judiciary and Legislation Committee.
 3. Representing an appellant before the Administrative Review Appeals Board.
 4. Representing an appellant before the Board of Standards and Appeals.
 5. Representing an applicant before the Board of Zoning Appeals.
 6. Representing a candidate before the Board of City Election Commissioners.
- See s. 305-51-1-e.
-

5. Q. Is a person engaged in lobbying if that person, who is a member of the Board of Directors for a nonprofit corporation and is not paid for his or her service on the board, contacts members of the Common Council to solicit support for the allocation of grant funds to the corporation, or appears on behalf of the corporation at a meeting of a Common Council committee to urge approval of the allocation of grant funds to the corporation?

A. The member of the Board of Directors is not required to register as a lobbyist because the member is not paid for his or her services on the board. In addition, lobbying does not include appearances by any person before a city board, commission or committee. See s. 305-43-5 and 6.

6. Q. Is a person engaged in lobbying if that person is employed as the executive director of a community-based organization and contacts the director of the Community Development Block Grant Administration regarding the organization's application for grant funds?

A. The person is not engaged in lobbying if the contact with a city official is limited to inquiries regarding the grant application. In the event the person goes beyond the inquiry and attempts to influence the legislative or administrative action of a city official, the person is engaged in lobbying because the person is employed by the organization. The person is required to register as a lobbyist if he or she engages in lobbying for 2 or more hours within a single reporting period. See ss. 305-43-6, 305-51-1-h and 305-45-1.

7. Q. Is a person engaged in lobbying if that person, as a volunteer member or officer of a neighborhood organization or civic group contacts several members of a city board, commission or committee to request that certain action be taken?

A. A volunteer member or officer is not required to register as a lobbyist because he or she is not paid for his or her services to the organization or group. Reimbursement for actual expenses incurred while performing activities on behalf of the organization or group is not payment to the member or officer to engage in lobbying. See ss. 305-43-5 to 7.

8. Q. Is a person who is employed by a principal required to register as a lobbyist if the person meets separately with several city officials within a single reporting period to lobby on behalf of the principal, even though each meeting related to a different matter and no one meeting lasted for 2 hours or more?

A. The person is required to register as a lobbyist if the accumulated time spent lobbying on behalf of the same principal is for 2 or more hours within a single reporting period, regardless of the number or length of the meetings and the number and identities of the legislative or administrative matters. See ss. 305-43-6 and 12, and 305-45-1.

9. Q. Is a person engaged in lobbying if that person, as the paid executive director of a nonprofit corporation which has entered into a contract with the City to provide certain services, submits to city officials, as required under the terms of the contract, written reports related to the need for the services?

A. The executive director is not engaged in lobbying because requests for information from a city official and the furnishing of that information when the official is acting in an official capacity is communication that is exempt from the lobbying ordinance. See s. 305-51-1-g.

10. Q. Is a person engaged in lobbying if that person is employed as an architect or engineer and meets with a plan examiner on behalf of a client regarding a project?

A. A person is not subject to the lobbying ordinance if the person is an architect, engineer or other design professional, acting on behalf of a client, while performing a duty or service within the definition of the practice of his or her profession. See s. 305-51-1-L.

11. Q. Is a person engaged in lobbying if the person represents a client who is the successful bidder on a city land sale request for proposal and meets with a city employee who is required to file an SEI to discuss the need for zoning or design changes on the property?

A. Unless otherwise exempt from the lobbying ordinance, the person is engaged in lobbying because the person is attempting to influence legislative or administrative actions and is required to register as a lobbyist if his or her total time lobbying for the client equals or exceeds 2 hours within a single reporting

period, regardless of whether any one meeting lasts 2 hours or more. See ss.305-43-4 and 6, 305-45-1 and 305-51.

12. Q. Is a person engaged in lobbying if that person appears on behalf of a client before the Board of Zoning Appeals, City Plan Commission or Historic Preservation Commission to answer questions about a project seeking the approvals of those bodies?

A. The person is not engaged in lobbying because lobbying does not include appearances by any person before a city board, commission or committee. See s. 305-43-5.

13. Q. Is a person engaged in lobbying if that person meets with employees who are on the payrolls of the Housing Authority and Redevelopment Authority?

A. Because the agencies are separate corporate entities, the employees are not city officials. Therefore, the lobbying ordinance would not apply to any activity relating to matters handled by those agencies. See ss. 305-43-2 and 4.

14. Q. Is a person engaged in lobbying if that person is a vendor who contacts a city official to promote a product?

A. The person is not engaged in lobbying if the person is merely responding to a request for information from a city official, or is making an inquiry during a contract or bidding process. The person is engaged in lobbying whenever the person contacts a city official in an attempt to influence legislative or administrative action; however, the person is not required to register as a lobbyist until the person has engaged in lobbying for 2 or more hours. See s. 305-43-4 and 6, 305-45-1 and 305-51-1-g and h.

15. Q. Is a person engaged in lobbying if that person has received an order to abate a nuisance or code violation and contacts city officials regarding the matter?

A. The person is not engaged in lobbying because an action related to an enforcement action commenced by a written order, a citation or a summons and complaint is not an administrative action subject to the provisions of the lobbying ordinance. See s. 305-43-1.

16. Q. Is a person engaged in lobbying if that person is a county official and contacts a city official urging support for an intergovernmental cooperation agreement? Who would be the principal?

A. The person is engaged in lobbying and is required to register as a lobbyist if he or she has engaged in lobbying for 2 or more hours within a single reporting period. The principal is the government department, agency or organization which employs the person; however, the ordinance provides that a principal is

exempt from paying the registration fee if the principal is a government department, agency or organization of another political subdivision within the state of Wisconsin; another state; or the federal government. See ss.305-43-8 and 305-45-4.

17. Q. How is the amount of time a lobbyist has spent engaged in lobbying determined if the lobbyist appears for several minutes before a city board, commission or committee in an attempt to influence a legislative or administrative action, but waited for several hours before being heard?

A. Lobbying does not include appearances by any person before a city board, commission or committee. See s. 305-43-5.

18. Q. Is a person a lobbyist if the person is an owner of a business or a member of an organization and contacts the member of the Common Council who represents the district in which the business or organization is located to request that certain action be taken, even though the owner or member resides in another aldermanic district or municipality?

A. A person communicating with the Common Council member who represents the district in which the person resides is not subject to the provisions of the lobbying ordinance. Because a person is defined under the lobbying ordinance to include any corporation, association, limited liability company or partnership, an owner of a business or member of an organization communicating with the Common Council member who represents the district in which the business or organization is located is not subject to the provisions of the lobbying ordinance, regardless of where the owner or member resides. See ss. 305-43-7 and 305-51-2.

19. Q. What regulations have been established by the lobbying ordinance, which restrict a person who has registered as a lobbyist from contributing to the election campaign of city officials?

A. No new provisions have been established by the lobbying ordinance, which prohibit or restrict registrants from contributing to the election campaigns of city officials.

20. Q. If a person has been issued a lobbying license to engaged in lobbying on behalf of a principal, and desires to engage in lobbying of behalf of another principal, does the person need to apply and pay an additional fee for a license to lobby on behalf of the second principal?

A. A lobbyist engaged in lobbying on behalf of multiple principals is required to obtain a separate license and pay a registration fee for each principal represented. If a lobbyist registers more than 4 principals in a calendar year, the fifth and all subsequent principals registered by the lobbyist in a calendar year may be registered without further charge. See s. 81-73-2.
