**Walker Applauds Business Volunteer Effort  
*Franklin's Froemming Park Gets A Facelift***

MILWAUKEE – County Executive Scott Walker applauds the volunteers from the Franklin branches of Sam's Club and Wal-Mart who will participate in the renovation of Froemming Park on Saturday, April 26, 2008. The two businesses will be sponsoring the cooperative effort together with Milwaukee County Parks.

"I appreciate the efforts of our local branches of Sam's Club and Wal-Mart to make a difference in our community," said Walker. "Froemming Park will shine in the neighborhood because of the work of these volunteers."

The project's main focus will be the construction of sheltered dugouts, edging of the infield, new topdressing and a new fence cap for the park's baseball field. Volunteers will also assist in the creation of a perennial flowerbed. Sam's Club and Wal-Mart have donated several thousand dollars worth of products.

The Milwaukee County Parks Department will provide skilled tradesmen and staff to assist volunteers on the completion of each project.
