**WALKER, CUDAHY MAYOR MCCUE ANNOUNCE EFFORT TO
COLLABORATE ON INFORMATION TECHNOLOGY (IT) SERVICES**

MILWAUKEE – County Executive Scott Walker will sign a resolution today at Cudahy City Hall approving an intergovernmental agreement to provide Information Technology (IT) services. Walker and Cudahy Mayor Ryan McCue announced an effort between Milwaukee County and the City of Cudahy to explore options to collaborate on IT services. The partnership will result in more effective project management and support of core technology services that are provided to taxpayers through a high quality, coordinated and accountable IT program.

“This partnership will reduce duplication of services, with the ultimate goal of saving taxpayer dollars,” said Walker. “It allows us to look at new ways to provide necessary services more efficiently.”

The program aims to support the Cudahy Police, Fire, Public Works, Health, Clerk/Treasurer, Courts and Accounting departments. Functions that may be leveraged include telecomm, website, hardware, software and desktop. During the planning phases of the project, appropriate IT functions will be identified that are cost-effective and scalable for both Milwaukee County and the City of Cudahy.

DATE:	Monday, August 4, 2008
TIME:	1:30 pm
LOCATION:	Cudahy City Hall Mayor’s Office – Conference Room A 5050 South Lake Drive Cudahy
