

Ali F. Reed, BA

Ali Reed has filled the role of Chief Compliance Officer for the City of Milwaukee Health Department since January of 2007. In this role Ms. Reed is primarily responsible for developing and implementing a department-wide compliance plan to ensure accountability and provide recommendations to MHD's executive leadership team. Improving efficiency and compliance for various departmental contracts, grants and regulatory requirements is the main goal of this implementation.

In addition to her compliance work, Ms. Reed is responsible for the oversight of three major administrative areas: Business Operations and Finance; Nursing Operations; and Information Technology (IT). She also functions as MHD's Privacy Officer under the Health Insurance Portability and Accountability Act (HIPAA).

From June 2002 to December 2006 Ms. Reed worked as the Compliance Analyst and was responsible for grant and contract monitoring, administration related to Local, State and Federal mandates and internal auditing.

Prior to working at the Health Department, Ms. Reed worked for four years as a Consulting Manager for MAXIMUS, Inc. In this position she worked with State, County and local government agencies on revenue maximization through quality assurance and documentation.

A native of Washington, DC, Ms. Reed received her Bachelor of Arts degree in History at the University of Wisconsin-Madison and holds a certificate of Project Management from the University of Wisconsin-Milwaukee.
