

Instructions for Accessing RFP Data

Datasets:

1. **Planimetric Polygon Update Areas GDB**
2. **2013 County-wide Aerial Photography**
3. **2010 County-wide Planimetric Features GDB**

Accessing the Data:

1. **Planimetric Polygon Update Areas GDB**

The planimetric polygon update areas are contained in a zipped file geodatabase on Milwaukee County's FTP site. When prompted, use the username and password supplied below and navigate to the RFP directory:

<p style="text-align: center;">ftp://sftp.milwaukeecounty.org</p> <p style="text-align: center;">username: dpwmclo password: mcamlis@27</p> <p style="text-align: center;">Directory name: RFP</p> <p style="text-align: center;">File name: RFP_2014 Planimetric Polygon Processing Services.zip</p> <p style="text-align: center;">Description: 2010 Planimetric update areas, including change polygons, points, and polygonalization pilot area. ESRI 10.0 file geodatabase (zipped).</p>

Internet Explorer users: to view the FTP site in Windows Explorer, click **Page**, and then click **Open FTP Site in Windows Explorer**.

2. **2013 County-wide Aerial Photography**

The 2013 Orthophoto in MrSID format is available through Dropbox (a cloud based data transfer facility).

You do not need a Dropbox account, nor do you need to enter a username or password. After clicking on the link provided you will be given the option to download the file, and depending on your browser settings, choose a download location. It is not recommended that you add the file to an existing dropbox if you currently use this capability for other reasons.

Use the link(s) below to access the zip file:
