**APPEARANCES:**
Nancy Olson, Director of Housing and Community Development
Michael Breaver, Executive Director, SAHC
Supervisor Linda Ryan, 24th District

Ms. Olson reviewed the subject request.

Questions and comments ensued.

Supervisor Ryan appeared in support of the request and noted that the Mayor of the City of South Milwaukee also supports the request.

Mr. Breaver corrected a factual misrepresentation in SAHC’s Letter of Intent to the County, which indicated that SAHC had already received and secured a first mortgage on the property from PyraMax Bank. He indicated that the mortgage has not, in fact, been secured by the bank yet, but it will be. He noted that PyraMax Bank has already done three projects with SAHC and he doesn’t anticipate a problem. The Letter of Intent should have indicated that the package was being prepared for presentation to the bank, not that a mortgage had already been secured. Mr. Breaver apologized for the misimpression that was created.

Supervisor Ryan shared that she had an opportunity to speak with Mr. Larsen at PyraMax Bank who indicated that PyraMax Bank would have no problem in securing a mortgage for the proposed project. In fact, PyraMax Bank is looking forward to working with SAHC on this project.

Nancy Olson, Director of Housing and Community Development

Ms. Olson reviewed the subject request.

**ACTION BY:** (Mayo) approve.

Supervisor Lutzka asked how eligibility is determined and if there is a map available showing the different areas. Ms. Olson replied that census data is used to determine what is considered a high poverty area or a low poverty area. She advised that the YWCA is working with the Division, under contract with the County to run the ROC program, and they have a large map that identifies the areas. Supervisor Mayo asked that a copy of the map be provided to Committee members.

7. 02-105  From Director, Department of Administration, and Director, Economic Development Division, recommending award of a grant in the amount of $60,000 to Product Service and Manufacturing Corporation from the Brownfields Redevelopment Capital Account to be used for costs associated with remediation and rehabilitation of the former Lawran Foundry presently located at 4700 West Electric Avenue in the Village of West Milwaukee.

A-500  **APPEARANCES:**  
Dave Zepecki, Director of Economic Development  
Michael Westover, Vice President, Product Service and Manufacturing Corporation

Mr. Zepecki reviewed the subject request and Mr. Westover commented on the request.

**ACTION BY:** (Weishan) approve.

Questions ensued.

Mr. Zepecki corrected two points in his report. The last sentence of the first paragraph on page 2 should have indicated at the time the company completed its purchase of the property last month that the existing tax delinquency was not yet paid in full. He indicated that a condition of the grant agreement would be that
Product Service and Manufacturing Corporation clears up the outstanding tax delinquency before receiving any County grant funds. In addition, the last sentence of the final paragraph on page 2 should have indicated that Product Service and Manufacturing Corporation has obtained a commitment from the Village of West Milwaukee for funding in the amount of $35,000 (not $85,000).

SCHEDULED ITEMS (CONTINUED):

Supervisor Willie Johnson, Jr., 13th District
Mr. Zepecki briefly summarized the grant request.

Ms. Werkmeister thanked County staff and Board members for their understanding, support and interest over the years in WWBIC’s efforts in the area of economic development. She provided Committee members with a copy of a recent *Journal-Sentinel* article entitled, “Black Women Learning Smart Financial Choices.” She briefly shared some of the comments from the article because she felt they speak to the point of what WWBIC’s proposal is all about. (INFORMATIONAL) (NO ACTION NECESSARY)

B-59 **APPEARANCE:**  
Dave Zepecki, Director of Economic Development

Mr. Zepecki pointed out that Economic Development funds are perhaps in some jeopardy due to the State’s proposed cuts in funding to Milwaukee County. We will have to see how that plays out. He noted that the Brownfields funds are capital dollars and are already in the budget. He doesn’t see any more money being added to this account in the near term. Mr. Zepecki stated that his Division would manage the existing dollars effectively and get as much value out of them as possible.
The Committee took no action on this informational report.

REAL ESTATE

11. 02-14
(a)(a) From Director, Department of Administration, recommending acceptance of an offer to purchase on County-owned Tax Deed land located at 1300 North 67th Street in the City of Wauwatosa from Urbanscape, LCC in the amount of $40,250.

APPEARANCES:
Craig Dillman, Manager, Real Estate Services
Dorothy K. Dean, County Treasurer
Dave Zepecki, Director of Economic Development

ACTION BY: (Lutzka) approve.

Questions and comments ensued.

Ms. Dean explained how tax delinquent properties are handled. She noted that in the last 18 months to two years she has filed foreclosure on about 425 properties of which Milwaukee County has only taken title to about 25-30. Mr. Bultman pointed out a separate procedure is used for contaminated properties. Ms. Dean also noted that State Statutes allow the County to enter into an Intergovernmental Agreement that allows the County to foreclose on a property and immediately transfer ownership of that property to a third party without incurring any liability for environmental clean-up of the property.

Vote on approval: 6-0

(INFORMATIONAL) (NO ACTION NECESSARY)

APPEARANCES:
Craig Dillman, Manager, Real Estate Services
Supervisor Kathleen Arciszewski, 23rd District

Mr. Dillman reviewed the subject report. He indicated that on January 16, 2001, staff met with Mr. Mark Carstensen, President of Carstensen Construction and
Development Companies, who advised that he could not exercise the option, close the purchase and develop the property as proposed due to the general downturn in the economy. Mr. Carstensen advised that it is still his intention to purchase the property for $955,000, but he does not believe the 35 two-family (70 units) condominium development he previously proposed is financially feasible considering current market conditions and consumer confidence levels. Mr. Carstensen will be providing staff with a revised condominium development plan that he would like to present to the Economic and Community Development Committee and the County Board in the March 2002 cycle. Staff will administratively furnish an interim extension to the option to purchase until March 31, 2002.

Supervisor Arciszewski expressed support for continued consideration of this development by Carstensen Construction and Development Companies. She noted that this development borders her district but it is within the boundaries of the 19th District (Supervisor Launstein).

**APPEARANCES:**
Craig Dillman, Manager, Real Estate Services
Dave Zepecki, Director of Economic Development

Mr. Zepecki pointed out that although there is, in effect, a deficit in this revenue account, the Division’s budget for the year was basically on target.

GENERAL

1. 02ECD4 Request by Earl Winkelman, Service Corps of Retired Executives (SCORE), to address the Committee on Economic and Community Development.

14-B-265 APPEARANCE:
Earl Winkelman, Chairman, SCORE

Mr. Winkelman briefly stated his personal background and indicated he became involved with SCORE after he retired. He explained that SCORE has been around for over 35 years and has 12,000-13,000 members nationally. It is organized into 1,200-1,300 Chapters. The Southeastern Wisconsin Chapter has 50 members, comprised of individuals who have operated their own small business or operated a major division of a large corporation. SCORE provides free, experienced and confidential counseling and other information to people trying to start up a small business. It is primarily a source of information. Mr. Winkelman suggested that SCORE’s services could be valuable in helping people that apply to the County for funds.

Mr. Winkelman provided Committee members with the following information, copies of which are attached to the original of these minutes:

• Brochure explaining SCORE
• Listing of office locations in Southeastern Wisconsin
• Listing of Loan Seminars (see more detail below)
SCHEDULED ITEMS (CONTINUED):

- Brochure regarding Small Business Workshop (see more detail below)
- Short-form explanation of SCORE
- Wisconsin Small Business Resource Guide

Mr. Winkelman indicated that SCORE dispenses information three ways – not listed in order of importance:

1. Free Counseling, one on one, as much or as long as needed.
2. Free loan seminars that are conducted 24 times a year – the second and fourth Wednesdays of every month.
3. Small Business Workshop at a nominal fee of $40, which includes 12 hours of instruction on four consecutive Thursday nights or four consecutive Saturday mornings, mostly at MATC locations throughout the Milwaukee area. These workshops are conducted nine times a year and attendance is currently averaging approximately 40-50 at each workshop.

Mr. Winkelman concluded by saying that SCORE serviced about 1,800 counseling sessions last year and had nearly 400 people going through its Small Business Workshop. He left additional copies of the materials he provided for the County’s use.

ECONOMIC DEVELOPMENT

2. 02-151 From Director, Economic Development Division, forwarding an application from Kids World Child Care Centers, Inc. requesting Economic Development grant funding in the amount of $40,000 for development of a playground area for the child care center. (Recommended Action: Refer to Economic Development Division for review and recommendation)

14-B-359 APPEARANCES:
Dave Zepecki, Director of Economic Development
Lauro Guzman, President, Kids World Child Care Centers
Jerry Slater, Play Works
Liz Weber, Wisconsin Child Care Improvement Project

Mr. Guzman explained the subject request. He provided Committee members with additional information, a copy of which is contained in the subject file. Mr. Slater proceeded to explain how the play area would be designed and provided Committee members with a rendering of the proposed play area, a copy of which is also contained in the subject file.

ACTION BY: (Weishan) refer to the Economic Development Division for review and recommendation.
Supervisor Launstein indicated she did not object to referral to the Economic Development Division, however, she noted that she would like to have some discussion on potential 2002 budget reductions that have been proposed by the Chairman of the Finance and Audit Committee, specifically the recommendation that the Economic Development Fund be frozen.

Comments ensued.

Mr. Zepecki indicated that if it were not possible for Milwaukee County to provide grant funding, the Division would assist Mr. Guzman in trying to find other funding sources.

Mr. Bultman reviewed his report and suggested recommendations for which the Department expressed its support.

- If there is no loss of State Shared Revenue dollars, how can the CDBG Program be utilized to enhance the needs of County departments?

Mr. Bultman pointed out that his report also included a recommendation that the Committee, at its December 2002 meeting, review all the policies for the County part of the CDBG Program. That report could include how to better utilize the program for County departments. HOUSING AND COMMUNITY DEVELOPMENT

** PUBLIC HEARING **

[15-B-573] Supervisor Weishan opened the public hearing. The Clerk proceeded to read a statement explaining that a series of items on today’s agenda require a public hearing in accordance with the Citizen Participation Plan adopted as part of the County’s Consolidated Plan. There is also a recommendation on how to handle a $33,000 shortfall in the amount of Community Development funding needed to cover projects approved for 2002. Finally, there is a recommendation to reprogram approximately $174,000 from the Suburban Home Repair Loan repayments and $9,096.23 from funds remaining in the St. Mary’s Nursing Home project and the Department on Aging Convent Hill project for two projects needing additional funding to assure their completion in the current program year. The Committee is holding this Public Hearing to obtain the views of County citizens on this series of housing and community development issues.

Ms. Olson advised that Karen Avery, Associate Director of Independence First, submitted a communication that discusses what Independence First is all about. In essence, Ms. Avery states that she realizes there are many competing needs for CDBG funds, but she strongly places housing needs for disabled persons at the top of the priority list, which also must be a priority of the Economic and Community Development Committee. She encourages the Committee to take this into consideration when allocating 2003 CDBG funds.

LaRonda Hart, also from Independence First, appeared on behalf of the need for housing for persons with disabilities. She noted that there is an over two-year waiting list for people with disabilities to obtain appropriate housing. She wanted to make the Committee aware of this ongoing problem and the critical need for housing for persons with disabilities.

There were no other appearances by the public on Items 7-12; therefore, Supervisor Weishan closed the public hearing. See the individual items for any action(s) taken by the Committee.

Supervisor Zielinski stated that the Hispanic Chamber of Commerce actually needs more than the $17,000 recommended in the resolution, however, there is only $17,025 available in the Economic Development fund.

Discussion ensued.

19-A-640 APPEARANCES:
David T. Barry, James T. Barry (on behalf of SMPO Properties)
Dave Zepecki, Director of Economic Development
Mr. Barry gave a brief presentation regarding the subject proposal and also displayed a rendering of the proposed site plan.

Mr. Zepecki reviewed what has occurred to date regarding this property. As it appears SMPO is still interested in the property, he believes the County’s counter proposal is fair. He understands that there are some people who feel that the County may be compromising its opportunity to develop the remainder of the site if it sells half the parcel at this time.

Mr. Zepecki provided Committee members with a letter addressed to County Executive Walker from Franklyn Gimbel, Chairman of the Wisconsin Center District Board, that states this parcel should be committed to use for parking to support the Milwaukee Auditorium Theater, U.S. Cellular Arena, Midwest Express Center and the Bradley Center. To insure that Milwaukee County does not sell or transfer this property for some other use, the letter urges the County Executive to consider selling this parcel and/or leasing the same to the Wisconsin Center District for future development consistent with the correspondence. (A copy of the letter from Mr. Gimbel has been made a part of the subject file.)

Mr. Zepecki concluded by saying if the Committee rejects the subject proposal, he would like direction on how to market the site in the future.

Discussion ensued, especially on the issues of parking and the long-term use of this site.

ACTION BY: (Mayo) place on file the subject report.

Mr. Tierney proceeded to give a brief presentation on the subject request during which he provided handouts to Committee members, copies of which are contained in the subject file.

Mr. Zepecki clarified that the request is for $75,000. He thinks this is a good project. It is a major brownfield site. It is a good opportunity to redevelop the site and create some very substantial tax base. The Department would be inclined to recommend the grant, however, Mr. Zepecki indicated that he’s not sure if the $75,000 is the appropriate amount. He would be able to come back to the Committee next month with a recommendation.

19-B-474 APPEARANCES:
Glenn E. Bultman, County Board Legislative Research Analyst
Craig Dillmann, Real Estate Services Manager

Mr. Bultman informed the Committee that Supervisors Davis and Coggs-Jones would like the Committee to delete the property located at 3401-3411 West
Hampton Avenue from the list of properties to be conveyed to the City of Milwaukee. There is an adjacent church and school willing to make an offer on this property.

Mr. Dillmann concurred in the above recommendation. He pointed out that the Department’s recommendation to convey the requested properties contains a couple of caveats. It excludes the lot located at 1508 West Fond du Lac Avenue, as it was sold to the abutting owner for $500 in July 2002. It further recommends that the conveyance of 725 West North Avenue is subject to the approval of the Wisconsin Department of Transportation and Federal Highway Administration since it is designated at freeway land.

ACTION BY: (Mayo) approve the staff recommendation, as amended, to convey five (rather than six of the seven requested) lots to the RACM pursuant to the terms of their letter. The lot located at 1508 West Fond du Lac Avenue would be excluded as would the lot located at 3401-3411 West Hampton Avenue. The conveyance of 725 West North Avenue is subject to the approval of the Wisconsin Department of Transportation and Federal Highway Administration. 6-0
